About Me

Hey I'm Liam, a documentary wedding photographer based in Nottingham, although I live & travel all over the UK. My goal is to not only document your special day but also to create a relaxed and comfortable atmosphere for you, your loved ones, and your guests. I have an easy-going nature and enjoy engaging in conversations about any topic. With a dry sense of humor, I find it helps break the ice and sets a comfortable tone. Instead of observing from the sidelines, I immerse myself in the action, blending in like a guest with a camera

Style

My photography style is rooted in storytelling, weaving together the narrative of your wedding day in a natural and unobtrusive manner. I strive to document the heartfelt connections, candid laughter, and joyful tears that make your wedding truly unforgettable. By immersing myself into the wedding day, I ensure that you and your loved ones can be yourselves, creating a relaxed atmosphere that allows for authentic expressions and genuine interactions.

Vision For Your Wedding

We envision your wedding day as a timeless masterpiece. We see it as a canvas painted with genuine moments, where you, the bride, groom, and your loved ones are not just participants but immersed in the celebration. Our documentary style captures the beauty of your day as it naturally unfolds, preserving the authenticity of your unique love story.

We invite you to be fully present, to savor the emotions and details of each fleeting moment. Allow yourselves to be open, experiencing the day to its fullest. Amid the joyous chaos, we encourage moments of quiet connection between you two, ensuring that you share meaningful time together.

Our lens is poised to capture the real and honest connections—the tender glances, the joyous laughter, and the spontaneous embraces. These are the elements that form the heart of your wedding day, and we are dedicated to freezing them in time.

Our commitment to timeless elegance ensures that the beauty of your love story will endure beyond trends. Each photograph becomes a chapter in your visual narrative, reflecting the depth of your connection and the classic beauty of your celebration. Trust us to document your day, creating a collection of images that encapsulates the magic and emotion of your wedding—a cherished legacy for generations to come.
